3. Statement of your professional objectives for the program and certification(s) if any.

My professional objective is to complete my Master's in Educational Technology so that I can be a Master Technology Teacher and help school teachers and administration integrate technology into their classrooms and throughout the district functions.

4. Experiences other than formal course work necessary or desired to achieve your objectives.

I have 2 years experience as Technology Web Design Teacher, I also provide IT Support and I am also the campus Software Specialist at James Pace High School. I basically learn new software programs purchased by the school and train the teachers how to use the program and incorporate it into their daily curriculum. My desire to achieve my objective has been a long life dream of mine to be able to help others articulate the vision of technology education in today's classrooms.

5. Check the box that corresponds to the method of final existing examination that will document that you have achieved your professional objectives. Enter the anticipated Semester and Year for the selected method and initial the form in the spaces provided.
